Questions

If you have any questions, do take a look at this page.

iDirres overview

There are a number of great features with iDirres; find out more on our iDirres overview page.

Contacts and CRM

See how your business can work with its customers to achieve more together.

Stock Control

Stock control is an important procedure for any business and iDirres is a highly cost-effective method of controlling it.

Multi-locational use

iDirres is the solution that allows you to make the most of your remote workers.

Sales management

With iDirres the sales process goes further because it is fully integrated with the inclusive stock-control system; to find out more, click below.

Linked diaries

With iDirres you do not have to use expensive servers or other software in order to achieve a combined business diary.

Selling online

Increase your business presence without advertising and make sales online even when you're not there.

Support solution

With our complete system you can easily control and organise your support and knowledge management.

Bulk e-mail solution

If you need to send marketing and communication e-mails, but don't want the cost of a middle-man, then you will be pleased to know that iDirres can help you.

Free upgrades

Your monthly subscription to iDirres keeps your system up-to-date whilst keeping your hard-earned capital in your business.

Resellers

Become a reseller and find out why others have gone before you. You could earn up to 20% for three years... not a bad deal.

Sell online with your new shopping cart

Increase your business presence without advertising and make sales online even when you're not there.

The world's economy is now the Internet, with its global market and free advertising. Your business needs the most outstanding solution available to commerce that will save you time and increase your sales potential with greater customer satisfaction.

With our linked stock control system your customers know that when they see stock on your shopping cart you really do have it to sell. Your customers will not delay that crucial decision to buy from you; consequently your important turnover is not delayed.

Key benefits to your business:

- Search engines are free advertising: use them
- iDirres is selling for you when you're not there
- Allows multiple images at no extra cost.
- The greatest combination of all: iDirres and your online presence
- Simple and easy to integrate into existing websites
